Hardware

Hardware sources available on request

This programme is specially designed for the teachers or educators. Its main aim is to :-

- Help the educators to understand the unique Pre-Nursery to class XII educational climate and culture dynamics.
- Strengthen and promote school-community collaboration.
- Introduce them to the changing scenario of education and help them to acclimatize to this global change.
- Motivate the teachers to perform better in their field of expertise.

Our well tailored experimental and reflection based modules are effective tools for :-

- Helping the teacher or educator to discover his/her inner self, potential and capability and to respond to it in a much better, constructive manner.
- Enhancing the knowledge and skills so that they perform brilliantly in their area of interest
- Facilitating them with the process of revisiting and questioning their belief and assumptions on teaching and learning and inspire them to initiate change.
- Enhancing instructional skills, inculcating the use of innovative teaching and pedagogical approach.

Empowering teachers by providing them the skills in the areas of inquiry based learning, creative thinking, developing problem solving skills among students, assessment strategies etc.

Teachers' Empowerment Programme

Other Benefits

- Classroom Management
- Research Studies
- Curriculum Planning

**“Always be smarter
than the people who
hire you”**

-Lena Horne

**“Work while you
have the light.
You are responsible
for the talent that
has been entrusted
to you.”** Henry Fredric Amie

Workshops by renowned personalities

NES offers workshops that are designed to enhance teachers' ability to think critically, research successfully, convey effectively, organize their work smartly and present it coherently.

These workshops are delivered by renowned personalities from nation wide. These workshops show you the right way to take care of your students, your classrooms and your persona, meticulously. The time duration of workshops vary from two hours to the entire day. The workshops include interactive exercises, motivational lectures; lectures that will help you focus on your work and help you to work smartly in an organized and coherent manner. These workshops are carefully designed to train the staff, develop curriculum or prospectus, plan the set of course, implement new programmes, train the educators by our skilled professional and renowned personalities associated with education.

All in all, these workshops are paradigm of a successful management of the school, which will boost the performance of the teachers; their students thereby heighten the work output and reputation of the schools.

The participants will have access to the modern techniques, computer technology and inspirational programmes that will impart finesse to their work.

Duty manuals

“I long to accomplish a great and noble task; but it is my chief duty to accomplish small tasks as if they were great and noble.” - Helen Keller

Duties are an integral part of any infrastructure. We, at NES understand the importance of each one's duties and responsibilities. Our duty manuals are intended to give a right approach to the various job responsibilities and ensure smooth networking of the education system. These manuals contain effective guidelines, explaining how to accomplish great tasks, whom and how to delegate tasks to the subordinates. There are chances that one may miss on small task, which can lead to mismanagement of the entire system but after going through our manuals, everyone is sure to take care of the minutest detail, thereby accelerating the performance and growth of your school.

“Our duty, as men and women is to proceed as if limits to our ability did not exist. We are collaborators in creation.”

These duty manuals are specifically designed for :-

- Principal
- Vice principal
- Head of the Department
- Transport Incharge
- Administration
- Teachers
- House Incharge
- Reception
- Head Mistress
- Secretary
- Sport Incharge etc

“The illiterate of the 21st century will not be those who cannot read and write, but those who cannot Learn, unlearn & relearn.”

- Aivin Toffler

“Of all things I have done, the most vital is co-ordinating the talents of those who work for us and pointing them towards a certain goal.”

- WALT DISNEY

Technological Assistance

Technology has become an essential tool for every trade. It accelerates the work output and keeps one upgraded with the latest. NES provides state-of-the-art technological environment to its clients. The use of computers has revolutionized the education system. Nowadays, computer based learning is more prevalent in the schools. We help the schools in setting up hi- tech Computer Labs, Setting up Projectors, Smart Classes etc and teaching our members, how to use these technologies and implement them while teaching the students. Education becomes more informative, interesting, easy and fast, both for teachers and students, through latest technology and computer based instructions. We also impart training to teachers of different aptitude, according to their calibre and area of interest. Technologically, we also assist in motivating teachers, encouraging sports activities and sound work environment to add impetus to the work output. All kind of learners are benefitted by the use of technology in the classrooms.

NES assist its members in :

1. Setting up Hi-Tech Computers labs
2. Assistance in financing smart classes

Website development

NES is dedicated towards providing the schools with best consultancy services that will help them tap the networking, globally. We shall provide guidelines for effective website development which will help you to win more business and will help you create a niche in the competitive world of education.

Diagnostic tests for accessing scholastic skills of students

- To measures how well a student has understood concepts and gives detailed feedback on the same, to help them improve.
- Provides detailed skill-wise feedback highlighting strengths and weaknesses.
- Scientifically Designed.
- Tests conceptual learning (not general skills only).
- Boosts the self-esteem of students by focussing equally on the strengths and the areas needing improvement.
- For students of Classes 1 to 10.
- All Subjects: English, Maths , Science, EVS, SS & Hindi.
- Completely objective-type, multiple choice questions.
- Students have to only select the correct answer.

Being an objective type test, the answer sheets are checked by OMR. A detailed analysis of the results is prepared. Based on this, we send an analysis report for each child, identifying the areas of strengths and the areas where improvement is needed. We also provide suggestions on how to work on improving the areas of weakness.

NES is committed not only to understand the dynamics shaping its clients' priorities and performance, but also help shape their development. We ensure absolute confidentiality and privacy of any information entrusted to us. We assure not to disclose our clients' identity without their expressed or written consent.

Innovation is a key ingredient of success in education industry. NES believes in building relationships through conceptualizing and creating 'Brand Building Solutions' through customized business applications, advise schools about aggressively promoting their business in the right media through-web,print,multimedia presentations and e-commerce solutions.

To succeed, businesses must continually surge forward and produce new and better ideas. We at, NES produce innovative products and provide services that meet client's requirements and at the same time actively participate in promotion and marketing of the products developed by us.

Assistance in marketing & promotional activities
